

KENILWORTH TOWER BALCONIES

OAK PARK, IL

Project: Kenilworth Tower Balconies

Location: Oak Park, Illinois

Engineer Reference: Structural Technologies

Scope:

- Demolish and Recast Deteriorated Concrete Balconies
- Install Traffic Bearing Membrane

Site Conditions:

- Work areas required boom lifts to access balconies
- Debris had to be loaded on and off the lifts
- Lower areas had to be blocked off and protected
- Concrete was placed by pumping
